For more information about escrow, visit chase.com/ManageMyMortgage.

If you are in bankruptcy or have been given a discharge for your bankruptcy, this letter is for information only. This letter is not an attempt to collect a debt. It is not an attempt to collect, assess or recover all or part of the debt from you. If a bankruptcy trustee is making your payments for you, please give a copy of this statement to the trustee.

Your escrow shortage amount does not include any actual shortage that might have been included before you filed for bankruptcy.

Chase automatic mortgage payment customers: If your mortgage payment amount changes after an escrow analysis, we'll adjust your payment for you. Other online bill payment service or military allotment customers: If your mortgage payment changes after an escrow analysis, you will need to contact your financial services provider to adjust your payment.

Summary

Your escrow surplus of \$36.26 will lower your monthly mortgage payment.

Your escrow account has \$36.26 more than was needed to pay your taxes and/or insurance. Because this amount is less than \$50, it will stay in your account. The surplus will lower your monthly payment by \$3.30 until your account reaches the minimum required balance of \$708.56 (see chart at end of statement titled "Next Year: October 2017 to September 2018"). Until then, your monthly mortgage payment will be \$1,076.14.

Keep this statement for your records. You do not need to do anything else.

Balancing Your Escrow Account

There needs to be enough money in your escrow account to pay your property taxes and/or insurance. To do that, federal law allows us to require that you keep a minimum balance in your account. This cash reserve helps to cover any increase in taxes and/or insurance. Subject to state law limits, your minimum balance normally equals the amount of your escrow payments for about two months.

The payments made to and from your escrow account last year help predict your account activity for next year. This year's activity also helps predict what your lowest account balance is likely to be.¹

To balance your escrow account, we compare what your lowest account balance will likely be next year with your minimum required balance. The difference between those two numbers tells us if you need to pay a shortage or if we need to give you a surplus refund.

36.26	Your escrow account surplus	
\$744.82	Your estimated lowest account balance for 2018 ¹	
\$708.56	Your minimum required balance	

¹See the "Estimated Escrow Account Activity" chart in this statement.

Escrow Account History

The chart below compares this year's activity on your escrow account with our estimates. The estimated amounts came from your last escrow account review.

- Your most recent mortgage payment due was \$1,082.02. Your mortgage payment includes principal and interest \$597.82 and escrow money \$484.20.
- At the time of your last escrow account review, your expected lowest balance was \$713.72. The chart below shows that your actual lowest escrow balance was \$744.72.

Note: changes in property taxes or insurance premiums create the difference between the estimated and actual amounts in the chart. An "E" in the chart below means expected activity that hasn't occurred yet.

A QUICK GUIDE TO UNDERSTANDING YOUR

Annual Escrow Analysis

FREQUENTLY ASKED QUESTIONS

Why am I getting an Escrow Analysis?

We run your Escrow Analysis annually so you know the amount of taxes and/or insurance we paid for you this past year with funds from your escrow account. We also include what we expect to pay next year.

Why does my account have a surplus?

Your account balance is higher than the minimum balance required, so we're refunding the difference. If your refund is more than \$50, your check is attached. If it's less than \$50, we'll credit your escrow account with your surplus.

We calculate next year's monthly escrow payment based on your tax and/or insurance payment amounts at the time your analysis is run. If your taxes and/or insurance change, your escrow payment may change, resulting in a shortage or surplus next year.

What is an escrow minimum balance?

For most accounts, the minimum required balance is equal to two months of escrow payments. This minimum balance helps cover any increases in your taxes and/or insurance over the next year.

This payment change notice is filed in connection with a recent bankruptcy filing in order to establish the first post-petition mortgage payment. The date of the payment change is less than 21 days from the date of this notice as the filing of the instant bankruptcy prompted the change in the mortgage payment.
